A sad occasion

When you can't get a bark out of the exhaust—and you're overdue for an important engagement—and you can't locate a telephone! Well, that is a sad occasion.

Then Mr. Goodfellow comes along—and gives you a little real Conoco Gasoline—and your exhaust roars like a machine gun—and you tear along hitting only the high spots! Boy, howdy!—as George Patullo would say.

Wouldn't you be strong for Conoco? Wouldn't Conoco Service Stations and garages be put on your calling list?

You won't find a cleaner, harder-hitting, more uniformly dependable motor fuel than Conoco, or a better motor oil than Polarine. Both are sold everywhere in the Mountain States where you see the Conoco Sign.

For convenience in buying supplies of oil and gasoline, use a Conoco Coupon Book. Buy one today.

BEAUTIFUL ACTRESS ATTRIBUTES HER WONDERFUL SUCCESS TO HER FAMOUS COMPLEXION Tells How You Also May Have One.

MISS DOROTHY DALTON

New York: When Miss Dorothy Dalton, the beautiful actress who was selected for the leading role in that mammoth New York production, "Apprentice," was questioned as to the secret of her phenomenal success, she unhesitatingly said, "My complexion." When asked further details she explained: "Everyone of my friends always raved about the texture and coloring of my skin and I have no doubt but that my first engagement was made possible through the reputation I had acquired for a beautiful complexion. Managers are like ordinary mortals. They admire a beautiful skin as much as anyone, and in selecting their stars they naturally prefer those whose complexions are attractive. I think the best asset any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl may have irregular features, but if she possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl how to have the skin she first wishes to have. Here is the recipe: Night and morning, cleanse the skin first with water then apply a good old cream (Dorothy's old cream I have found to be the best after making it into the skin take off the skin's surface cream with a soft cloth. Then before going out during the day or evening I apply Dorothy's simple toilet preparation which can be purchased at the toilet counter of any up-to-date drug or department store. The first application of this wonderful Dorothy's skin tonic you. It imparts instant beauty to the skin and makes a rosy white complexion, every one will talk about. I find it excellent for my complexion as it protects my skin in all kinds of weather. That's why I prefer it to all other toilet preparations and am never without it. Now that short sleeves are in vogue you will want beautiful hands and arms. There is nothing like Dorothy's for this purpose. Many of my professional friends to whom I have recommended Dorothy will use it in preference to all other face powders or beautifiers. Just try it once before going to the theater. Dance, play or an afternoon call and note the favorable comments of your friends. Dorothy's skin tonic is a life-like tint on your cheeks which defies detection. It takes the place of face powder and stays on until you wash it off. Transportation does not affect it nor will it rub off on clothing. It also prevents the nose and face from shining. It's wonderful for a dark, sallow, rough skin, blackheads, coarse pores, oily skin, freckles, tan and for the bluish beauty it imparts. Once you know, girls and women are telling it. It's absolutely harmless to the most sensitive skin; that is, it is so gentle and you will need no further sum-up to convince you that there is nothing "just as good" better, or "just like it" better on Dorothy's, then you will not be disappointed.
